1) Installation Of the Base:

Insert the bolt (A) into the base (C)

- For the one-way model (Item 2010) screw the pole directly onto the base.

- For the two-way model (Item 2015) position the base plate (D) and tighten with the flagpole ball.

- For the three-way model (Item 2020) position the base plate (D) and tighten screwing the central flagpole.

2) Setting up of the flagpole:

Screw together tube (F) and tube (G) and fix then on the top the flagpole ball. Maintain the same screwing direction as the pole.

3) Complete the assembly of the flagpoles.

Screw the pre-assembled flagpole onto the base pins.

4) Mount on the flag.
