

INSTALLATION SHEET

INDOOR FLAGPOLES KIT "LUXURY"

1-Way Room Stand
Item 2025-2040

2-Way Room Stand
Item 2030-2045

3-Way Room Stand
Item 2035-2050

1) Installation of the base:

Insert the bolt (A) into weight (B) and then insert the base (C).

- For the 1-way model (Item 2025-2040)

screw the stand holder (E) directly onto the base.

- For the 2-way model (Item 2030-2045) locate the base plate (D) and tighten with the small flagpole ball.

Put the two stand holders (E) into the other two holes of the base plate and screw them using bolts M10x30.

- For the 3-way model (Item 2035-2050) position the base plate (D) and tighten entirely with the help of the central stand holder. Put on the base plate (D) the remaining stand holders and screw them using bolts M10x30.

2) Flagpole installation:

Screw together tube (F) and tube (G). Position the flagpole ball or the spear (H) in the base of the supplementary device maintaining the screwing direction of the pole. Tie up the flag.

3) Complete the flagpole assembly.

Insert the pre-assembled flagpole into the stand holder (E).
